September Meeting: We begin the 2014/2015 season with a familiar face and an interesting historic topic. Wayne Ranney, an Arizona Humanities Council speaker, presents a talk on *The Footsteps of Martha Summerhayes*. Martha was a well-educated and traveled person from Massachusetts. In 1874, she followed her husband, Lieutenant John Summerhayes, to various Army posts in the Arizona Territory. The Sept. 10th meeting is at 7 pm in the community building (Maitland Hall) at the Good Shepherd of the Hills Episcopal Church, 6502 E. Cave Creek Road, Cave Creek, AZ 85331 (near the Dairy Queen). Note: All activities listed below are in the same location unless specified otherwise.

Special-1: This year's Holiday Party is potluck on Wednesday, Dec. 10th, at 6 pm. Early reservations are strongly suggested due to limited room and possible seating configurations; no walk-ins can be accommodated this year. Please respond to Kathy Queen, 5311 E. Evans Dr., Scottsdale, AZ 85254 by Nov. 29th. Remit your non-refundable check (\$5 per person) to assist with the cost of your entrée, non-alcoholic beverage, rolls, condiments, and place settings. Last names beginning with A through E are asked to contribute salads, F through M are responsible for side dishes, and N through Z bring deserts. Homolovi Chapter

The Homolovi Chapter is now meeting the second Wednesday of the month at 7 pm at the Winslow Chamber of Commerce (The Hubbell Building, 523 W 2nd Street).

We had a nice turnout for the August meeting. Dennis Roshay gave us a summary of the Pecos conference and had videos of his favorite speakers. It was interesting to hear of these new ideas--especially about "Basketmaker I"!

Our Sept. 10th speaker will be Abraham Arnett. He will be speaking on *The History and Archaeology of Hay Hollow*.

Our Oct. 8th speaker will be Charly Gullett. He will be speaking on Chaco-style building and mathematics.

We are working on several field trips including a trip to the Hopi mesas to see petroglyphs and a trip to see the new Verde Valley antiquities collection that was reported on at the Pecos Conference.

--Karen Berggren

Little Colorado River Chapter

This Summer has been very busy for the LCRC in the White Mountains with informative speakers at our meetings and field trips still being planned.

Summer Activities: Over the Summer we enjoyed a vast array of speakers that had so much to offer. In May Iva Lehmkuhl educated us on Basketmaker archaeology at the Petrified Forest National Park. In June we were fortunate to have Kristin Safi, who spoke to us on the Chacoan Occupation of the South Cibola Region. Then in July we enjoyed a lecture by Sandra Coombs, Forest Service archaeologist in the Sandia district in New Mexico. Her talk was about the archaeology of the Spanish Pueblo contact period in the Sandia Mountains in New Mexico. Most recently, in August we were privileged to have speaker Connie Stone, Ph.D. who addressed our group on the Cultural Resources of the Agua Fria National Monument. We were very honored to have such educated speakers in our midst to enhance our understanding of these archaeology subjects.

Field Trip: Saturday, Sept. 6th, we will be making a trip to the Rock Art Ranch outside of Holbrook. AAS members are encouraged to join us for this excursion. The owner of the ranch, Mr. Brantley Baird, will take us on a tour of the museum which has a collection of pioneer, cowboy, and Anasazi artifacts including pots found in the area. The Ranch also has the last remaining bunkhouse of the Hashknife Cattle Company, one of the largest ranching operations in AZ in the 10th century. Native Americans once built and lived in an old rock house and corral, located on the Ranch. There is also a Hogan ("re-mudded up" by the Navajos whenever needed) and a sweathouse which was later built by the Navajos. This is where the U. S. Calvary camped just before the last battle with the Apaches at Apache Butte. If we are lucky, and as we travel to the Anasazi petroglyph site, we might see Mr. Baird's buffalo **hear**. We will visit a canyon on site that archeologists claim contain over 3,000 petroglyphs on the canyon walls. **If you are interested in joining the LCRC trip to the Ranch, please confirm by or before Sunday, Aug. 9th through our Program Director, Carol Buseman at jcbuseman@frontiernet.net**

We are very excited to have these presentations and field trips and invite you to join us in the White Mountains to take advantage of these free lectures and excursions. If weather permits, you may take a guided tour of the Prehistoric Casa Malpais Pueblo. Call 928-333-5375 for more information.

Our regular meetings are held on the third Monday of each month in the Udall Room of the Springerville Town Hall complex. The business meeting is at 6:30 pm and our speaker/presentation is at 7 pm. Contact Lynette Cross for more information at 928-551-4119 or leapday52@yahoo.com

September Meeting: Dr. Emily Early, Assoc. Curator, Mesa Grande Cultural Park (Arizona Museum of Natural History), will kick off our Fall Schedule on Sept. 11th with a talk on **Paleoecology and Human Evolution**. She will discuss what it is like to work in Kenya, how they collect their data, the various ways they analyze it and what it all means in terms of our understanding of our past. Emily has BAs in anthropology and history from the Barrett Honors College at ASU and an MA and PhD in Anthropology from Yale University. She was a Peter Buck Postdoctoral Fellow at the National Museum of Natural History, Smithsonian from 2011-2013. Her research focuses on mammalian shifts that correspond with periods of known global climate change in the Pliocene. She has done fieldwork in South Africa but her primary research has been in Kenya, particularly the Tugen Hills. She is also involved in projects in Turkana and the Homa Peninsula. Emily is a long-standing supporter of museum outreach, having been involved with the Arizona Museum of Natural History, the Arizona State University Anthropology Department Museum, the Deer Valley Rock Art Center, the Yale Peabody Museum, and the Smithsonian. She is also looking for volunteers to work at Mesa Grande Cultural Park during the week. She is excited to combine her love of research and dedication to the public's knowledge of science while at Mesa Grande.

Upcoming Speakers:

Rim Country Chapter

June: We had a good turnout, in spite of summer being on everyone's minds, for our last meeting before going 'dark' for July and August. Our guest speaker, Al Cornell, made it more than worthwhile. His discussion, titled **Anthropogenic Fire**, gave

(continued on page 8)

...More CHAPTER NEWS....

us insightful knowledge as to how prehistoric man developed and made use of fire. As well as Al's interesting and humorous presentation was received, the best was yet to come. He took us all outside and gave several demonstrations on the making of fire (no matches necessary.) What a way to kick off the summer.

Summer Doin's: Several of our members attended the Pecos Conference 2014 in Blanding, Utah this August. And as always brought back interesting and useful information.

September: The first monthly meeting of the new season will be on Saturday, Sept. 20, beginning 10 am at our regular meeting place, the Fellowship Hall of the Church of the Holy Nativity, 1414 Easy Street in Payson. Our guest speaker is Jane Kolber. Jane will be sharing with us her experiences in the field of Rock Art. Jane's years of study runs the gamut of recording, lecturing, writing, and teaching on the subject of Rock Art. And she has agreed to come all the way from Bisbee to share her views and insights with us!

Looking Ahead: The big news is it is time to start up the excavation of Goat Camp Indian Ruin again. The digging season will begin in October. If you are an AAS member, and want to play a part in the uncovering of information concerning some of the prehistoric peoples of Arizona, here is your chance. For details, contact either Ed Spicer, RCC Activity Coordinator, or Scott Wood, our Advising Archaeologist.

Have you been to an ice cream social lately? Of course not, home-made ice cream is a thing of the past, right? Wrong! The Rim Country Chapter is going on a caravan field trip in October to Skull Valley. It's pretty much an all-day event, highlighting the ice cream social, but also including a visit to the Skull Valley railroad depot museum and a number of art and craft vendors featuring western art.

Leave it to Ed Spicer, our activity coordinator, to come up with something new, interesting, and a fun learning experience; and watch for more information about the field trip coming from Ed shortly.

--Wayne Walter

San Tan Chapter

Our speaker for Sept. 10th meeting is Don Ryden, Architect, planner, and historical preservationist at Ryden Architects, Inc. The title of his talk will be: **The Comfortable Arizona House: Design Secrets from the Past for Living Well in the Present.** By studying archaeological, historical, and architectural resources, we can learn how three major cultural groups in Arizona designed comfortable and sustainable homes. They made life in arid Arizona bearable long before post-WWII technology and suburban sprawl allegedly improved our desert lifestyle. By applying the principles of community planning and building design used by the Native Americans, Spanish colonists, and Anglo American pioneers, we can build new houses and enhance existing houses to be more enjoyable and affordable.

Don is an ASU graduate and continues to work and live in Phoenix. Don, who founded his company in 1984, served as AIA Arizona's historic preservation coordinator for six years. Some of his firm's notable projects have been the rehabilitation of the Phoenix Union High School campus (circa 1911), the renovation of the first floor of Old Main at the University of Arizona in Tucson, and building analyses of the Tovrea Castle and Carraro Cactus Gardens.

In May we partnered with San Tan Mountain Regional Park and Sarah Steele, San Tan Mountain Regional Park Supervisor, who gave us a tour of the park's archaeological features. After our field trip those on the tour agreed to help Sarah with mapping and recording the archaeological features we visited. We planned a work day in late May. In our debriefing meeting after the hike we discussed taking some field trips to nearby archaeological museums. While we have been lucky thus far with great weather on our hikes, I fear our luck may be running out. What better way to evade the heat than to explore more of the history and gain some insight into what types of artifacts we might be able to see at the Park! Not only will we be able to sharpen our skills, but we can also enjoy some potential air conditioning. We visited the HuHugam Heritage Center on the Gila River Indian Community in June. Then in July we toured the collection area of the Pueblo Grande Museum with Holly Young, Collections Curator, and in August we had the privilege of a personalized tour with Dr. Jerry Howard of the Mesa Grande Mound Park (which is normally closed during the hot summer months) and a behind-the-scenes tour of artifacts that will be featured in the Arizona Museum of Natural History's new exhibit called: "Ancient Cultures of the Americas." This exhibit opens Sept. 9th at 7 pm.

Members of the San Tan Historical Society and the Arizona Archaeological Society got together on Friday, May 16th to help with phase one of a collaborative redesign of the archaeological collection of Hohokam, Mogollon and Anasazi artifacts donated by the Brooks family years ago. With these new exhibits, it is our hope to better tell the story of these cultures and the influence they had on our area before AD 1450. The Museum is open on Saturdays from 10 am to 2 pm. Please come visit the San Tan Historical Museum (see address below).

The San Tan Chapter meetings are held at the San Tan Historical Society Museum at 20425 S Old Ellsworth Rd in Queen Creek (on the corner of Queen Creek Rd and Ellsworth Loop Rd.) They are held the second Wednesday of each month from September to May. The presentation begins at 7:30 pm. For more information on our chapter, contact Marie Britton at 480-827-8070 mbrit@cox.net or Earla Cochran at 489-655-6733.

Verde Valley Chapter

Welcome to a new season of interesting speakers and exciting field trips. Yavapai Chapter

End-of-summer Party: Several dozen Yavapai Chapter members gathered Aug. 26th for our annual end-of-summer potluck dinner and party. Our first regular meeting this fall on Sept. 18th will feature long-time Yavapai member Betty Higgins recounting highlights of her many visits to the ancient sites in Chaco Canyon and its outliers.
