Round Table Discussion at AAS State Meeting: Where do we go in the next 50 years?

Next year the AAS will be 50 years old. In those 50 years we have done important projects in excavations, surveys, stabilizations and Rock Art recording, as well as public education about the importance of preservation of archaeological sites in Arizona. In some parts of the state, such as my area, the Prescott region, the bulk of the research and excavations were carried out by the Yavapai Chapter. But and this is a big But, things have changed. With the success of lobbying, of which we were a part, both the State and Federal Governments have enacted laws that give more protection to sites as well as requirements that have dramatically increased the number of cultural resource projects. With that came the rise of Cultural Resource Management firms and less need for the Avocational Archaeologist to participate in projects. This is seriously changing the direction of the AAS.

2013 AAS Professional Archaeologist Award

The Arizona Archaeology Society congratulates **Dr. Andrew L. Christenson** on his selection as the recipient of the 2013 AAS Professional Archaeologist Award. The award will be presented to Dr. Christenson on Nov. 2 at the AAS State Meeting in Prescott.

Andy's valued relationship with the Yavapai Chapter began in 1988. From the beginning, he has graciously dedicated his service to the AAS, teaching, supervising projects, performing analyses,

2013 AAC Fall Conference:

Current Perspectives: Methodological, Technological, and Theoretical Advancements in Arizona Archaeology

October 25, 2013

Arizona Museum of Natural History, Mesa

This conference will emphasize recent trends in archaeological research, including in-depth discussions of some of the novel and innovative ways that Arizona

(Continued from page 1)

In order to bring the present environment into focus and to search for future directions, we have invited representatives from the State Historical Preservation Office, the Governor's Archaeology Advisory Commission and the Arizona State Museum to the upcoming Arizona Archaeological Society's annual meeting in November. We have asked each of the representatives to address the following:

- What do you see as the role of the Avocational Archaeologist in future projects in Arizona?
- How do you see them being used by CRM firms, the National Forest Service, and the Bureau of Land Management in their ongoing projects?
- Are they able to do projects on private lands under the direction of a professional archaeologist?
- If you see a role for Avocational Archaeologists, what training and background should an Avocational Archaeologist possess in order to participate in excavation, stabilization, rock art recording, survey and any other type of field work?

The format will be a round- table discussion, with each representative making an opening statement about their agency's views on the subject. This will be followed by a discussion among the three participants about any differences that may exist among the agencies. Following this discussion, we will take questions from the floor.

This discussion will take place in the morning. In the afternoon, after lunch, we will hold a workshop to discuss what we have learned in the morning session and to attempt to find a direction for the future. This will be an important discussion that may very well define the future direction of the AAS. So we need the input of a broad range of interests and viewpoints. To this end we are encouraging ALL members to attend the State Meeting in November.

authoring reports, leading educational field trips, and contributing in numerous other capacities to the archaeological community. Currently, he is working as an Independent Archaeological Consultant and volunteers as the Curator of The Smoki Museum of American Indian Art and Culture in Prescott, as well as serving as the Archaeological Advisor for the Yavapai Chapter AAS.

Despite the demands of his professional activities, he always makes time for the YCAAS, and is consistently helpful with every day questions or major projects. The AAS is grateful to Andy Christenson for sharing his knowledge, all that he has done, and all that he continues to do. We are proud to know him and thankful for his support. Once again, congratulations, Andy, on this well-deserved recognition.

archaeologists in both cultural resource management and academia are currently collecting, analyzing, and interpreting archaeological data. Some of the themes explored in this conference include complex modeling techniques; collection and management of digital datasets; pioneering applications of materials science analyses; innovative research contexts and frameworks for interpreting the archaeological record; and new insights about theorizing and conceptualizing the past in Arizona.

Conference Registration:

For AAC members, conference registration is free. The registration fee is included in the price of your 2013 AAC membership.

For non-members, pre-registration for the conference by Oct. 18 is \$25.00. Regular AAC membership registration is \$35.00 per year, which includes the conference registration, journal, and the newsletter. For students with valid ID, membership registration is free the first year and \$25.00 for consecutive years.

Conference Schedule: Go to www.arizonaarchaeologicalcouncil.org to download the conference schedule.

Archaeology Cafés Begin Second Year In Phoenix

On Oct. 15, 2013, Archaeology Southwest will continue its popular Archaeology Café program in Phoenix with a special presentation by Joshua Watts entitled “Traces of the Individual in the Distant Past: Projectile Points, Experimental Archaeology, and Ancient Craftsmen.”

The Archaeology Café is an informal forum where people can learn more about the Southwest’s deep history and speak directly to experts.

The Archaeology Café begins at 6 pm in the Aztec Room of Macayo’s Central, 4001 N. Central Ave. Seating is open and unreserved, but limited. It’s best to arrive half an hour before the presentation begins. Share tables and make new friends! The event is free. Please support our hosts at Macayo’s Central (near the Indian School light rail stop) by purchasing refreshments from the menu—at happy hour prices!

CHAPTER NEWS

Agave House Chapter

August Meeting: Our August meeting was held on Aug. 28th at the Black Mesa Ranger Station. We were introduced to Heather Horobik, our new archaeologist for the next 1-2 months. We have transitional archaeologists covering our area until a new, permanent one is assigned to us.

Our speaker was Iva Lee from the Petrified Forest 2013 Summer Field Season. She is working on a three-year grant to help with the mapping of the many new sites in the expansion area of the Petrified Forest NP. This past summer season was spent working with three archaeologist interns who had already earned their BA's and one intern who is still a student. They began their work on the Hatch Ranch area where they found a completely repurposed, underground gasoline tank. They also did a research project on six different clays found in the area and whether or not they were clays that would be fit to be fired for pottery native to the area. They also mapped historical buildings and environmental data for the entire expansion area, and made site maps. The expansion area covers both sides of I-40 and encompasses a huge area.

Along with all of the above, they studied many of the artifacts that they identified and collected along the old Route 66. All were mapped and photographed in situ before removing them to the safety of a storage area. The most significant find was three stone axes sitting on the surface. They excavated the site to make sure it wasn't a burial site and found four more stone axes. All of the axes had grooves all the way around the head.

They also found a Mimbres Rabbit petroglyph and the Antelope Trap petroglyph which shows the dead end canyon across the field and how to close it off and drive the antelope toward it...it is really something to see and we had seen this petroglyph on a field trip many years ago. In all, it sounded like they had a good summer season, given the heavy monsoons and dangers from lightning that they dealt with. We will be interested in what else they do next summer.

Our annual picnic is taking place on Sept. 21 at the Bum Heel Ranch.

--Sammy Weitz

Agua Fria Chapter

October meeting: Our October meeting will be on Oct. 14th with the Meet and Greet the Speaker dinner at 5 pm at Applebee's, 59th and Peoria. Coffee and Cake will be served at 6:15 pm in the church rec room. The speaker will be Sophie Kelley discussing the Hohokam economy.

Upcoming events and hikes:

- Sept. 21 Field trip led by Maurice Shoger to visit Lizard Man, Winona, Turkey Tanks, and Ridge Ruin. Meet at Maurice's Flagstaff house, 994 West Osage, Flagstaff 86001, at 8 am and go from there. Take I-17 North to Flagstaff, take exit 333 for Kachina Blvd/Mountaineer Rd; turn right onto Mountaineer Rd, continue onto Tonowanda; turn right onto W. Osage. See map at [/goo.gl/maps/DHUVe](http://goo.gl/maps/DHUVe).
- Oct. 19 Dutch will give us a very personal tour of the new facility at Mesa Grande. Dutch has done extensive work there so he will be able to give many details of the area.
- Nov. 23 Steve Ross from the Arizona State Land Dept. has a tour planned of Picacho Petroglyphs near Picacho Peak. This is an easy hike, but those who want to get closer to glyphs have the option to climb boulders.

Ideas for outings for next year – Lowell Observatory. Any other ideas from members??

Upcoming class: Maurice Shoger will also be teaching another class in 2014. This one will focus on less well-known prehistoric cultures such as the Patayan, Hakatayan, Cohonino and Fremont.

Open chapter positions: The chapter has a few positions that need to be filled now or by next season: speaker chair and hike leader. If you are interested in either position, contact Paulette Gehlker or any of the board members (<http://www.azarchsoc.org/AguaFria#Meetings>). We have a terrific chapter and all of us would like to see it continue to grow and prosper.

Any donations for the regular monthly raffle would be greatly appreciated!

Desert Foothills Chapter

October Meeting: On Oct. 9, Desert Foothills members and guests can look forward to an evening's presentation entitled Prehistoric Archaeology Social Networking by Dr. Barbara Green, Professor of Anthropology, Curator of Archaeology and Professor (American Indian Studies) at the University of Arizona, Tucson. As always, we will begin the evening at 7 pm with refreshments and socialization, followed by the evening's program at approx. 7:30 pm. We meet in the Community Building (Maitland Hall) of the Good Shepherd of the Hills church, 6502 E. Cave Creek Road, Cave Creek, Arizona.

Upcoming Class: Paleo-Human Origins, Part 2: Don't forget that this 5-week class will begin the evening of Oct. 17 at the Cave Creek Museum, 61450 E. Skyline Drive, Cave Creek. Although the class is currently full, you can still contact Mary Kearney at maryk92@aol.com to be placed on the waiting list.

Volunteer Opportunity: We are still in need of a Media Director and an Audio/Visual Operator. If you can and will help, please contact Glenda Simmons, glendaann@hughes.net.

Homolovi Chapter

We have had some great speakers in the last couple of months. Allen Dart was sponsored by the Humanities Council for our August meeting and in September, Ken Zoll spoke on calendar markers. Our October speaker had to cancel on us, but we will be announcing the replacement speaker locally.

--Karen Berggren

PHOENIX CHAPTER:

October Meeting: Our Oct. 10th meeting will feature Dr. Todd Bostwick, who will talk about The Ancient and Modern Maya of Guatemala and Honduras. The Maya Culture of Central America is considered one of the most advanced of all the ancient civilizations on earth. They built impressive temples and palaces, created beautiful arts and crafts, had a sophisticated writing system, and developed complex calendars that continue to amaze us today. In this program, Dr. Bostwick will discuss his recent trip to Guatemala and Honduras where he visited with the current Maya residents, witnessed some of their ceremonies, and toured ancient Mayan archaeology sites, including the incredible World Heritage sites of Tikal and Copan.

Dr. Bostwick retired in 2010 from 21 years as Phoenix City Archaeologist and is currently Senior Research Archaeologist for PaleoWest Archaeology and Director of Archaeology for the Verde Valley Archaeological Center in Camp Verde. He has authored and co-authored an impressive number of professional articles and books on Southwestern archaeology, archaeoastronomy, and history.

September Meeting: Our Sept. 12th meeting featured Scottsdale author Carolina Butler, who talked about her recently published book, *Oral History of the Yavapai*, a history of the Yavapai in their own words. She explained how she became involved with the fight against Orme Dam, with the Yavapai at Fort McDowell, and with the research that led to this book and also gave us a short introduction to the history of the Yavapai tribe. The Ice Cream Social which was held before the meeting started was enjoyed by all who attended.

Speakers for Fall 2013:

Nov. 14: Glennda Luhnnow, ACS, *The Metro Light Rail Project*.

Dec. 12: Michael Smith, ASU, *Three Mysteries: My Search for Aztec Families and Communities*. <http://calixtlahuaca.blogspot.com/>.

Upcoming Hikes/Tours:

Nov. 23 Hike with Agua Fria Chapter. Steve Ross from the Arizona State Land Dept. has a tour planned of Picacho Petroglyphs near Picacho Peak. This is an easy hike; those who want to get closer to the glyphs have the option to climb boulders.

Upcoming Conferences:

Oct. 16-19 *Paleoamerican Odyssey: A Conference Focused on First Americans Archaeology*. Go to the website for the schedule and to register at paleoamericanodyssey.com.

Oct. 25 *Arizona Archaeological Council Fall Conference*. Go to www.arizonaarchaeologicalcouncil.org for the conference schedule.

Nov. 1-3 *AAS State Meeting*, Prescott. Registration & payment due by Oct 21; the registration form is on page 4. See September Petroglyph for more details.

The Phoenix Chapter meets at 7 pm on the 2nd Thursday of each month in the Community Room at the Pueblo Grande Museum, 4619 E. Washington St., Phoenix. We take the speaker to dinner at 5:30 pm at the Ruby Tuesday Restaurant on 44th Street and Washington just northwest of the museum. If you are interested in having dinner with the speaker, please call or email Marie (480-827-8070 or mbrit@cox.net) so that she can reserve a large enough table.

RIM COUNTRY CHAPTER

October Meeting: Rich Lange, Associate Director of Arizona State Museum's Homol'ovi Research Program, will be our Oct. 19th speaker. His topic will be *Cliff Dwellings and Other Archaeology of the Southeastern Sierra Ancha*. The archaeology of the general Sierra Ancha area has been known formally for over a century. Adolph Bandelier, a historical figure well-known to most New Mexicans, passed through the area and noted and visited some of the more prominent sites in the 1880s. No formal studies were done until a half-century later, by the Gila Pueblo Archaeological Foundation. Gila Pueblo personnel, including a young Emil Haury, surveyed throughout the western United States and northern Mexico. The Sierra Ancha became a particular focus of the Foundation, in order to test A. E. Douglass' new tree-ring dating techniques.

Rich Lange has put volunteer crews into the field there for four weeks each year and from the studies to date, several possible pictures of the complex prehistory of the southeastern Sierra Ancha are beginning to emerge.

Hikes and Field Trips:

Our October meeting will be followed by a hike led by Site Stewards Bob and Del Wright.

SAN TAN CHAPTER

October Meeting: Dr. Dave Doyel, Luke AFB, will make a presentation to our chapter on Oct. 9th titled History and Patterns of Human Settlement in the Western Papagueria, SW Arizona focusing on the US Air Force Barry M. Goldwater Range East. Our group is also planning a field trip to those sites located on the Goldwater Range, possibly in November. Dr. Doyel was awarded the 2010 GAAC Award for Public Archaeology and has an exemplary record of academic achievement in his involvement in the public aspects of archaeology.

September Meeting: Our speaker for the September meeting was Don Ryden, a historical architect from Phoenix. His topic was Midcentury Marvels – Commercial – 1945 to 1975. Phoenix has a large representation of buildings from this period. He took us back to post-WW I and how “modern” architecture changed the face of many cities. He has worked on many buildings, such as Hanny’s, to preserve their character. He also has published a book in conjunction with the Phoenix Office for Historic Preservation on this time frame. It was a very engaging discussion with many questions. (For those of us that were fortunate to have been at the pre-meeting dinner, Don also enlightened us with his work in Warren, AZ, near Bisbee)

Secretary Needed: Our little chapter is in need of a secretary and would like one of our members to step up to help us out. Please contact Earla Cochran, earlaken@cox.net or myself, Marie Britton, mbrit@cox.net.

Casa Grande Open House: A few of our members attended the Open House at Casa Grande Ruins on Sept. 5th regarding the expansion of various areas around the existing park. 413 acres contain numerous resources closely associated with the Casa Grande Ruins National Monument in Coolidge, Az and the Hohokam prehistoric culture. Some of the sites are located on Federal Dept. of the Interior lands, while others are on private or state lands. This expansion has been under way since 2003 and has strong support at the local and national levels. The San Tan Chapter has expressed their support for this initiative. If you are interested in finding out more, please contact Marie Britton.

Upcoming Analysis Class: Marie Britton is working with Holly Young, Curator of Collections at Pueblo Grande Museum. Long-time families in the Queen Creek area have made donations to the San Tan Historical Museum of artifacts they have found while farming the land. We will review what is available and attempt to put together an AAS analysis class with those artifacts. We are looking at this coming spring for the class.

Upcoming Meetings:

Nov. Scott Wood will speak about the Goat Camp Ruins located in Payson Az.

Dec.: Doug Craig from Archaeology Southwest, will speak about the Hohokam collapse.

Jan.: TBD

Feb.: Sarah Steele; San Tan Mountain Regional Park Manager, will speak about What’s Going on in the Park.

Our meetings are held at the San Tan Historical Society building at 20425 S Old Ellsworth Rd in Queen Creek on the second Wednesday of each month from September to May. The presentation begins at 7:30 pm. For more information on our group, contact Marie Britton at 480-827-8070 or Earla Cochran at 489-655-6733.

VERDE VALLEY CHAPTER

October Meeting: *Southwestern Rock Calendars And Ancient Time Pieces*: Our Oct. 24th meeting will be held at the Sedona Public Library, 3250 White Bear Road, Sedona, at 7 pm. Our speaker will be Allen Dart, (B.A., M.A.), Registered Professional Archaeologist and founder of Old Pueblo Archaeology Center, Tucson. Mr. Dart is employed full-time as a GS-0193-12 archaeologist with the U. S. Natural Resources Conservation Service in Phoenix, and volunteers his time as the Executive Director of Old Pueblo Archaeology Center. He founded this Center in 1993 to provide educational and scientific programs in archaeology and culture. He has been a recipient of the Arizona Governor's Award in Public Archaeology for his efforts to bring archaeology and history to the public of every age.

Allen has extensive experience supervising cultural resource projects at Archaic, Hohokam, Patayan, Ancestral Puebloan, Mogollon, protohistoric O'odham (Piman), and historical archaeological sites. Working with Old Pueblo Archaeology Center and volunteering with other organizations, Mr. Dart has developed many archaeology projects that have been or will be described and interpreted in publications. Many of them have provided opportunities for public participation and some have resulted in sites being listed in the National Register of Historic Places, the nation's foremost listing of important heritage sites.

Other Activities:

Field Trip: The trip to Chavez Pass, scheduled for last fall, is being rescheduled.

Classes: Classes for map reading, compass reading, and projectile point identification are being scheduled.

We are looking for a secretary to fill in for the rest of the year. Any takers? For more information, please contact Chuck Jenkins at cjenkins@npgcable.com.

--Louise Fitzgerald

YAVAPAI CHAPTER

State Meeting Preparations: Registrations are being received! The board wishes to remind all members that all registrations must be received by October 21. Please refer to the September issue of *The Petroglyph* for the itinerary and registration form. The Yavapai Chapter link on the Arizona Archaeological Society website has maps that attendees will find useful. Please note that the Agua Fria Monument field trip for Sunday, November 3rd has been cancelled. There will be a replacement field trip TBA.

September Meeting: We had a whopping crowd at the September 19th meeting with 85 or so in attendance. The majority of them were visitors, who were there to hear our guest speaker, Carolina Butler. In advance of the meeting date, the Prescott Daily Courier published an article about Carolina's knowledge of the Yavapai People and her plans to speak our general meeting. Members and visitors were treated to an insightful report of the Yavapai's culture and history. To view the article, please follow this link: <http://www.prescottaz.com/main.asp?Search=1&ArticleID=123353&SectionID=1&SubSectionID=1086&S=1>

Willow Lake Pithouses Stabilization Project: After three years of planning, Fred Kraps has successfully finalized the details for a four phase stabilization process of the pithouses at Willow Lake. This important work will begin in October, and will conclude sometime in the spring of 2014. The scope of the project presents the Yavapai Chapter members (as well as some local Boy Scouts) with a unique opportunity to get dusty again, performing actual archaeological work. Upon completion of the stabilization, the responsibility of maintaining the site will pass from the City of Prescott to the Yavapai Chapter AAS. Way to go, Fred!

Fielder Fund: Your Chance to Endow AAS Publications

The Fielder Fund was created by the Society in 1996 to inform the public about American Southwest history, archaeology, and anthropology through the support of publications and other media. The goal is to build a fund large enough that its annual interest can pay for publication of *The Arizona Archaeologist* and other publications. The name honors the Society's first publications team, Marje and Herb Fielder.

Thank you to Virginia Gisvold for her \$100 donation and to Cathy Zoldak for her \$50 donation, both in memory of Les Chapman. Thanks to James and Jennifer Green for their \$50 donation to the Fielder Fund and to William Henry for his monthly \$50 donation.
